## **Hanley Center and MDVIP Announce Alliance**

WEST PALM BEACH, Fla.--(BUSINESS WIRE)--Hanley Center, West Palm Beach, Florida, a premiere provider of alcohol and chemical dependency treatment, and MDVIP, Inc., Boca Raton, Florida, [www.MDVIP.com](http://www.MDVIP.com), a national network of physicians who practice proactive, preventative and personalized healthcare announce a new partnership. Starting in Florida, Hanley will provide MDVIP and affiliated physicians with vital information relative to substance abuse and a patient referral mechanism for chemical dependency treatment.

“With this new alliance with MDVIP, we are excited to offer Hanley Center’s superior level of addiction treatment through affiliated physician referral. We’re also honored to be among a highly select number of health care facilities in the MDVIP network,” said Dr. Barbara Krantz, Chief Medical Officer, Hanley Center.

Dr. Ronnie Morris, MDVIP’s Medical Director commented, “We are pleased to add the Hanley Center to our roster of outstanding medical institutions as well as to continue to focus on delivering the best health and lifestyle tools to improve our patients’ lives.”

The MDVIP physician network also offers patients optimal medical care and preventative medicine, with personalized wellness plans and early detection. In addition, MDVIP offers their patients the Medical Centers of Excellence program, which is comprised of a nationally acclaimed network of medical institutions. Through these institutions, MDVIP offers member patients access to renowned specialty care and state-of-the-art technology. Medical centers in the MCE network bring together patient centric care, clinical research, state-of-the-art knowledge, education and teaching. MDVIP doctors make referrals and MDVIP services work with affiliate MCEs to coordinate arrangements.

Noted Medical institutions who are part of the Medical Centers of Excellence include Baylor Clinic, Baylor College of Medicine; Beth Israel Deaconess Medical Center; Memorial Sloan-Kettering Cancer Center; Cleveland Clinic; Joslin Diabetic Clinic; Mayo Clinic, Jacksonville; Miller School of Medicine, University of Miami and UCLA Health System.
